See the following page(s) for details regarding application.

This Certificate is valid from **2021-12-03** to (inclusive) **2024-12-02**.

This Certificate is issued on **2022-02-17**.

for **DNV**

.....
Håland, Joar
Surveyor

This Certificate may be withdrawn if:

1. The service provided has been improperly carried out or the results improperly reported.
2. The surveyor has found any deficiencies in the accepted operating systems of the service supplier.
3. The firm has failed to inform of any major changes having effect on the quality of the service rendered.
4. The conditions listed in the certificate are changed and/or are not fulfilled.

LEGAL DISCLAIMER: Unless otherwise stated in the applicable contract with the holder of this document, or following from mandatory law, the liability of DNV AS, its parent companies and their subsidiaries as well as their officers, directors and employees ("DNV") arising from or in connection with the services rendered for the purpose of the issuance of this document or reliance thereon, whether in contract or in tort (including negligence), shall be limited to direct losses and under any circumstance be limited to 300,000 USD.

Application:

The supplier is approved for providing examination of mobile and long-term mooring systems.
 The supplier is approved for examination of the following mooring system components, examination methods and examination techniques:

Mooring system component	Examination method		Examination technique	
	Close visual inspection (CVI)	Non-destructive testing (NDT)	Remote operated vehicle (ROV)	Remote inspection technique (RIT)
Mooring chain	X	X ¹⁾		
Fibre rope	X		X ²⁾	
Wire rope	X			
Anchor	X	X ¹⁾		
Connectors	X	X ¹⁾		
Floatation elements				

¹⁾ Includes the following NDT techniques: Magnetic Particle (MP)

²⁾ Examination using ROV shall only be performed using a service supplier approved for In-water survey, see DNV-CP-0484 Appendix A03, and following the approved work process as described in document no 3-OPS-PRC-004-C2.

Remarks:

Examination of mobile and long-term mooring systems may be applied for vessels with the additional notation **POSMOOR** performed according to type of system following the requirements described in DNV-RU-OU-0300, Ch.3 Sec.4 (July 2021 edition):

- [2] - Position mooring equipment (mobile mooring)
- [3] - Position mooring system (mobile mooring)
- [4] - Position mooring system (long term mooring)

It is regarded as the obligation of the supplier to inform the Society of any planned examination activity and arrange for a planning meeting with the Society present.
