

# BEL GRAPNEL

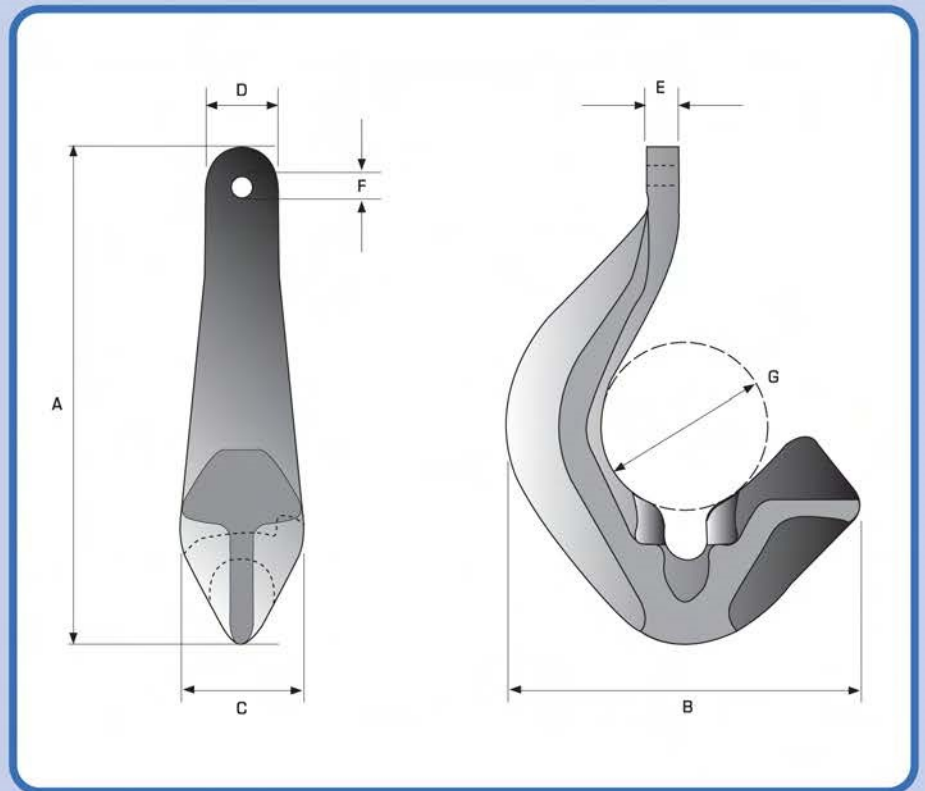

## J-LOCK CHAIN CHASERS

There are four available versions of the J-Lock Chaser.

<b>BEL 115/35</b>	100 Tonnes SWL	Designed for use with 2 1/2 to 3 1/2 inch chain
<b>BEL 115/120</b>	100 Tonnes SWL	Designed for use with 95 to 120 mm chain
<b>BEL 4115/35</b>	250 Tonnes SWL	Designed for use with 2 1/2 to 3 1/2 inch chain
<b>BEL 4115/120</b>	250 Tonnes SWL	Designed for use with 95 to 120 mm chain

The material selected for BEL Chain Chasers combines the desired strength and corrosion resistance while ensuring that damage is not inflicted to the anchor chain.

The standard J-Lock Chaser is suitable for "Chain Only" mooring cable. If used on wire-chain combination moorings, accelerated wear of the chaser must be expected.

### TYPES: BEL 115 - BEL 4115

TYPE	S.W.L	PROOF TEST	WEIGHT		A	B	C	D	E	F	G
<b>BEL 115</b>	100 Tonnes	250 Tonnes	1752 kg	mm	2083	1486	533	305	124	86	711
<b>BEL 4115</b>	250 Tonnes	400 Tonnes	3000 kg	mm	2350	1824	533	406	178	144	711

All dimensions in millimetres
