Environmental Policy Statement

Seatronics Group is committed to ensuring that its activities shall have minimal impact upon the environment. Seatronics Group is committed to continual improvement of environmental performance by means of effective environmental management.

To minimize environmental impact concerning our activities, products, and services we shall:

- Continually strive to minimise waste and where possible improve waste management practices.
- Actively promote environmental awareness among our employees and encourage them to work in an environmentally responsible manner.
- Educate, train, and inform our employees about environmental issues that may affect their work.
- Comply with all applicable legislation and regulations and the requirements of our customers, the industry trade association and any party having an environmental impact on Seatronics Group

It is the responsibility of all employees to understand this Environmental Policy Statement. This policy will be reviewed periodically to ensure the continued future success of Seatronics Group.
